

PREPARE STUDENTS FOR A TECH FUTURE

We Partner With High Schools To
Boost Student Technology Career
Skills & College Readiness.

WE SET STUDENTS UP FOR SUCCESS

Expand the educational opportunities for your students by providing them the option to learn in-demand tech skills. These skills will benefit them as they enter college or the workforce and have a lifelong impact.

01

Programs are offered in-school or as an after school program.

02

Students are able to earn multiple industry certifications in high school.

03

Students can earn college credits and participate in dual enrollment.

04

Students will have career opportunities.

Our programs offer students an opportunity to look ahead and begin career exploration.

BENEFITS

PROVIDE MEANINGFUL OUTCOMES

Students can earn up to 8 college credits in a program.

Students will have the opportunity to earn up to 6 certifications in a program.

GIVE STUDENTS A HEAD START

Completing a career program and earning industry certifications can differentiate students from others for scholarships and internships while in college and for job opportunities after high school or college.

KEEP STUDENTS ENGAGED

Our hands-on approach enables a learning experience that keeps students more engaged than traditional group instruction.

92% of the participants receive a certificate of achievement. Students earn a certificate of achievement by passing each course and passing at least 50% of the certification exams in a program.

WE MAKE IT EASY FOR YOU TO IMPLEMENT

NuPaths has created a system designed to make partnering with us easy. We have a process in place to help with everything from recruitment to career services.

HOW WE PARTNER WITH YOU

STUDENT OUTREACH

We provide resources that will help promote the program and enroll students.

ACCEPTED STUDENTS

We provide students a program orientation, all course materials and pre-apprenticeship preparation.

ACCOUNTABILITY

You will have confidence during the course from the ongoing communication we provide.

CAREER SERVICES

Students will have access to resources that will help strengthen their college or job search.

OUR PROGRAMS

We offer technology training courses and programs for in-demand career paths.

- Web Design & Development Fundamentals

WHAT OTHERS SAY ABOUT NUPATHS

“ NuPaths fits in because it starts to transition, theory into application and that's really an important element for our students as they make decisions about what they want to do after high school.”

MARK BLANCHARD

Assistant Superintendent for Secondary Education

“ Students can earn college credits and certifications by the end of a 1 year course which sets them up for college or a professional career – that in and of itself is leaps and bounds above any of the other types of curriculums that are out there

JUSTIN SEIBER

Program Instructor

Greenwood Middle/High School
